

—Columbia, Oct. 12: The state supreme court in an opinion written by Associate Justice Thomas P. Cothran has reversed the \$500,000 verdict against Henry Ford's motor company in favor of S. B. McMaster. The suit was based on an invention by Mr. McMaster to lengthen the tread of Ford cars. The Ford company objected to its use. McMaster brought suit for \$500,000. Justice Cothran says the Ford company has the right to say to its dealers what parts and attachments shall be put on their cars before offering them for sale.

## STOP THAT ACHE.

Don't worry and complain about a bad back. Get rid of that pain and lameness! Use Doan's Kidney Pills. Many York people have used them and know how effective they are. Ask your neighbor. Here's a York case.

J. O. Robinson, Charlotte street, York, says: "I found Doan's Kidney Pills were mighty fine when I had occasion to use them some time ago. I am glad to recommend them highly. My kidneys were out of order and my back ached. I suffered terribly on that account. I saw Doan's Kidney Pills advertised at the York Drug Store and got some of them. Doan's soon gave me complete relief and I have had no trouble since."

**NEARLY SEVEN YEARS LATER.**  
Mr. Robinson added: "The cure Doan's Kidney Pills gave me some time ago has been lasting and I haven't had any occasion to use them since. I'll tell you, this medicine certainly is reliable and I am glad to have you use my former statement."

Get at all dealers. Foster-Milburn Co., Mrs. Buffalo, N. Y.

**GIRL RIDERS CONTRIVE TO GET NATIONAL COLORS IN COSTUMING.**

The girl riders with the new consolidated circus—Hose's Great London and Van Amburg's Trained Wild Animals, coming to York, Monday, Oct. 17, are American, English, Spanish and South American, and it is remarkable how each manages to effect a touch of her national characteristics and style in the more or less conventional garb of the lady horse rider. There is just a suggestion of the hunt and the park in the fluffy flounces of the English girls; there is an airy nothing that recalls the castanets and the fandango in the dainty dress of the Spanish girls; and there is a certain staidness of the ex-cite in those of the girls from Buenos Aires and Rio. But for chicness the American girls on the white "resin-backs" lead them all. The current fad of the day on Fifth avenue is reflected in the pretty fluffiness of the American girls' costumes. They're smart, those costumes, and they're invariably made by the girls themselves. And that's true of all circus wardrobe, except that for the parade and opening spectacles, which the show furnishes. Every costume for the American girls is made by the girls and the women of the circus make them during the long winter months. Of course, there's many a fetching gown and bodice made in the shade of the dressing tent between shows. That's why one finds the women of the big tops so often busy with needle and thread. It's a habit.

With Me. Buy 'em Now

Last Spring when we were placing orders and contracts for Fall supplies of staple cotton goods, shoes, clothing, underwear, etc., we were, in a way gambling on the future. We did not know just how things would be this Fall. Our contracts were binding. If goods went lower we lost and if goods went higher in the wholesale markets, Then Our Customers won. And sure enough wholesale costs have gone up and they are going higher; but the buyer who buys at this store and buys while we have goods bought at last Spring's prices will beat the higher prices that are bound to come—but, to be sure, if you WAIT you will certainly PAY THE HIGHER PRICES.
